StructSense AI demonstration structural schedule

Concrete grade: M30

Steel grade: Fe500

Columns 450 x 600 mm

Number of floors: 5

Floor load: 5 kN/m2

Soil bearing capacity: 200 kN/m2

Foundation depth: 1.5 m

Seismic zone: 2

Wind speed: 100 km/h

Annual rainfall: 800 mm

Building age: 10 years

Shear walls present

Raft foundation

Column reinforcement ratio: 2%

Beam depth: 500 mm

Slab thickness: 150 mm

Location risk index: 0.3
